State's Potato Crop Runs Into Money

(From a Staff Correspondent.) LINCOLN, Oct. 7.—(Special.)—Four million one hundred and thirty-one thousand eight hundred and fifty-five dollars and twenty-five cents is considerable money, but that is what the potato crop of Nebraska will bring if put on the market today. That is "some potatoes," and when it is taken into consideration that many of the counties which grow potatoes were practically dried out this year it makes the showing exceedingly good. The crop amounted to 5,757,807 bushels as reported to the state board of agriculture. These were grown on 107,801 acres, which would be an average of 49.7 bushels to the acre. Among the counties which produced the largest averages to the acre were Oriskany with 200 bushels, Scotts Bluff with 125, Sheridan county did not get as large a yield per acre, but raised more potatoes than any other county, the average being fifty-six bushels to the acre and the total yield 62,768. Following are the counties making the largest showing:

County	Bushels
Rox Butte	258,175
Brown	212,549
Cherry	127,254
Cheyenne	107,775
Custer	170,112
Dawes	130,000
Holt	130,000
Lancaster	108,900
Morrill	136,500
Scotts Bluff	136,500
Sheridan	136,500
Sioux	135,644

REV. MR. HOUSEMAN SPEAKS AT SUNDAY SCHOOL RALLY

LOUP CITY, Neb., Oct. 7.—(Special.)—Educational day was featured here Sunday by the Presbyterians. The efficiency of the Sunday school and the importance of teacher training were the subjects stressed. E. G. Taylor, head of the community's most extensive business interests, is superintendent of the school, while the pastor of the local church, Rev. John C. Toddrell, has been leading for two years a class in teacher training. A supper was served Saturday evening for the twenty official workers of the school. At this gathering, as well as at the services Sunday, Rev. Ralph H. Houseman of Omaha, educational superintendent for the state, spoke. Sunday evening, after an address on "Christ the Master Teacher," he awarded diplomas to the graduates in teacher training. They were Misses Pearl Keeler, Pearl Needham, Esther Kettell, Gertrude Kettell and Rev. Mr. Toddrell. Thursday evening a second class in teacher training will begin, with fifteen enrolled.

Remarkable Cure of Dysentery. "I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 165 to 125 pounds. I suffered for about two months, when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by all druggists.—Advertisement.

Governor to Choose Travis' Successor

(From a Staff Correspondent.) LINCOLN, Oct. 7.—(Special.)—Governor Morehead has as yet made no move to appoint a successor to Judge Harvey D. Travis of the Second judicial district, who died last week, although there is not so far a lack of candidates for the position. The district comprises the counties of Cass, Otoe and Sarpy, and two of the counties have already come forward with candidates. Daniel Livingston and W. W. Wilson of Nebraska City are in the race for the appointment, while Plattsmouth is represented on the list by D. O. Dwyer. So far as known Sarpy county has no candidate.

PLAYGROUNDS AS CHECK TO CASES OF INSANITY

YORK, Neb., Oct. 7.—Playgrounds was given as a remedy for many cases of insanity by Charles Weller, secretary of the Playgrounds Association of America, who addressed the Nebraska Federation of Women's Clubs in session here today. He advocated playgrounds for factories, prisons and other institutions. He said diversion would check insanity.

Notes from Rushville.

RUSHVILLE, Neb., Oct. 7.—(Special.)—District court convened here Monday with Judge Webster presiding. The bar docket showed thirty-five cases, twelve criminal and seven naturalization cases. The criminal cases are mostly continued from the last term of court and include six cases of alleged illegal voting, four charges of selling liquor to minors and one abduction and one case of carrying concealed weapons. Colonel Cody, Mayor Burke and Brigadier General Baldwin and others arrived from the west Sunday night. They expect to be joined by General Miles and party Wednesday, when the battle of Wounded Knee and other historic incidents will be staged on the reservation for the purpose of making a series of moving picture films.

Forgery Charge Made.

BEATRICE, Neb., Oct. 7.—(Special.)—A complaint was filed in the county court today against R. L. Abel of Holton, Kan., charging him with forging a check for \$10 which was drawn on a bank at Holton and cashed by Clayton Salisbury of this city. Sheriff Schiek and County Attorney Cobbe went to Lincoln today to secure requisition papers for the return of Abel to this city.

Seward County Taxes.

SEWARD, Neb., Oct. 7.—(Special.)—While the law gives the county clerk until October 20 to complete the tax list, the tax list for 1913 has been completed and turned over to the county treasurer. The total amount of money to be raised by taxation for the year 1913 is \$285,147.44, \$16,854.63 more than the total amount of taxes for 1912.

STATE PAYS FOR PHOTOS

Voucher for Printing House Journal Filed with Auditor.

LUDI APPENDS REMARKS

Declares State Printing Department Under Working of Legislative Enactment is Compelled to Agree to Expenditure.

(From a Staff Correspondent.) LINCOLN, Oct. 7.—(Special.)—A voucher for printing the 1,000 copies of the house journal was filed with the state auditor this morning. It calls for 1,822 pages at \$1.25 a page.

In giving his endorsement for paying the bill Commissioner Ludi of the printing board says: "In approving this voucher we desire to have it understood that we do not recede from our position that the pictures therein, the printing cost of which is \$281.19, is not a part of the journal proper, but this department is compelled, under the wording of the legislative enactment, to pay for the same."

The pictures which have been the cause of the controversy were those of the governor, two United States senators and the members of the legislature. These pictures each took one page and the commissioner of printing, Mr. Ludi, contended that they had no place in the journal and that the state should not pay for them. However, by an enactment of the legislature, he discovers that he has no jurisdiction in the matter. The senate had had the pictures of the members, but four pictures occupied a page and no particular kick was made on that publication.

The house journal cost the state \$2.62 per copy and the senate journal \$1.64, the latter containing but 1,326 pages.

To Sell Rubber Shares.

The Columbia Rubber company of Columbus, O., has made application to the blue sky department of the state for permission to sell some of its stock in Nebraska.

The company has a capital stock of \$200,000, of which \$200,000 is held by the incorporators of the company. They desire to sell the balance under a proposition which contemplates the sale of these shares to automobile manufacturers and users. These will be permitted to buy the product of the company, which will manufacture tires, at the cost of manufacture, which is said to be about 50 per cent.

New State Arsenal.

Work has been started on the new state arsenal at the fair grounds and it is thought that with good weather it will be completed in about three months. The building will contain a basement and two stories and will cost about \$5,000, that being the amount of the legislative appropriation. It will have an office and sleeping room for the use of the man who looks after the stores.

Board Office Closed.

The state railway commissioners' office is closed today out of respect to the memory of the mother of Commissioner Hall, who died Sunday and whose funeral is being held today at Verdon. The full commission was in attendance including Secretary A. B. Allen.

McKelvie in Ring.

Lieutenant Governor McKelvie has begun a sort of campaign on the side for the governorship which is liable to make the other fellows sit up and take notice. He is contributing to the country papers of the state a talk on community interests, a co-operation and does not forget to have his picture appear with each article. This is a sort of campaign which has not before been inaugurated in Nebraska.

Potts Law Brings Cash. Associations and corporations coming under the provisions of the Potts law passed by the last legislature, which requires a corporation tax of \$1, are beginning to respond to the call, the Thurston county fair and apical association of Walthill being the first to send in its dollar. Under this law churches, building associations and any organization which is incorporated must pay to the state a fee of \$1.

Candy Order. The Board of Control has given an order for 1,000 pounds of candy for the use of the insane asylum at Hastings in celebrating next Christmas. There will also be nuts and like things for trimmings.

Omaha Couple Weds. Among the marriage licenses issued in Lincoln yesterday were one to the following Omaha couple: Dow F. Huxley, age 24, and Lillian B. Swanberg, age 22.

Damage Suit Results. W. W. VanOdel of Stamford, in Harlan county, has sued H. F. Requaarte, one of the deputy fire commissioners, for \$10,000 for damages because of his arrest with D. L. Lucore in connection with the burning of the Oxford flouring mills some time ago. The case against VanOdel was dismissed and Lucore was found not guilty. The former thinks he is entitled to damages.

BURGLARS VISIT NELIGH LUMBER COMPANIES

NELIGH, Neb., Oct. 7.—(Special.)—Burglars visited the offices of both the local lumber companies Sunday night. At the office of J. J. Melick & Sons they did not get into the safe, but broke open a roll-top desk and took about 50 cents' worth of stamps. Nothing else is missing from here. At the Farmers' Elevator & Lumber Co. they took a collection of old wildcat money belonging to Fred Thornton, the manager, but found no good money. The safe here had been left unlocked and the burglars on leaving locked it and did something to the lock so that the manager has not yet been able to get it open. There was nothing of value in the safe that could have been taken. The money box, which contained the wildcat currency, was found broken out in the yard. There is no clue to the perpetrators.

Notes from Humphrey.

HUMPHREY, Neb., Oct. 7.—(Special.)—Mrs. Lena Jalkan, wife of Henry Jalkan, and daughter of Fred Groenenthal, prominent farmers of the St. Anthony neighborhood, died last Friday following an operation at the Columbus hospital. Funeral services were held last Saturday from the St. Anthony's Catholic church. The funeral services of Miss Lisle Pelle were held at St. Francis Catholic church in Humphrey Monday morning. Miss Pelle's death occurred last Friday at the Columbus hospital, where she had gone a few days before for an operation. Miss Pelle was the daughter of Mr. and Mrs. Anton Pelle, pioneer residents of Humphrey, having lived here nearly thirty-five years.

Fred Pratt and family left Humphrey Sunday for their new home in Miami, Fla. Mr. Pratt has been editor and publisher of the Humphrey Democrat for the past twenty years. He sold the Democrat to Messrs. John Zavadi and he was one of the best known rail-who have grown up with the Democrat.

HICKERSON WILL PUSH CASE AGAINST JORDAN

SEWARD, Neb., Oct. 7.—(Special.)—Suit was filed in the county court Saturday by W. P. Hickerson against B. Jordan for assault. Jordan had a preliminary hearing and was bound over, giving \$500 bond. Hickerson is in a bad condition from the cuts on his face, one of which went through his cheek into his mouth.

Ernest Heidebreder upset his automobile Saturday and sustained some severe injuries.

The Utica agricultural short course will take place October 20 to 24. In connection there will be a chicken show and a live stock exchange.

August Blendenmann caught a thirteen-pound channel catfish in Lincoln creek yesterday.

Ask the Fire Insurance Man

The insurance adjusters in the United States paid out last year \$16,199,400.00 to cover fire losses on buildings, due to defective heating devices. This was not the actual total loss—as in nearly all cases the property owner participates in the loss; to say nothing of the risk of life, health-shock and family or business inconvenience. Any fire insurance agent will tell you that the safest possible kind of heating is by

AMERICAN & IDEAL RADIATORS & BOILERS

Ask your fire insurance man. Likely as not he is also your local real-estate agent and can tell you of the rapidly increasing installation in his locality of IDEAL Boilers and AMERICAN Radiators, knowing by experience of their absolute safety and reliability. All working parts of IDEAL Boilers and AMERICAN Radiators are backed by water (the joints are of heavy iron which screw tightly together), and their use therefore eliminates the danger of fire. The flimsy old-fashioned heating equipments used in this country are not permitted in the comparatively fire-free cities of Great Britain, Germany, etc. But IDEAL-AMERICAN outfits are accepted and endorsed everywhere; greatest safety, as well as comfort and economy.

A No. 2118 IDEAL Boiler and 270 sq. ft. of 38-in. AMERICAN Radiators, costing the owner \$140, were used to heat this cottage. At this price the goods can be bought of any reputable, competent fitter. This did not include cost of labor, pipes, valves, freight, etc., which are extra, and vary according to climatic and other conditions.

That is why our outfits are also used to warm powder and dynamite factories, government forts and battleships, etc. IDEAL Boilers are much easier and safer to run than a parlor stove—fill with coal twice per day in zero weather; add two or three buckets of water during the heating season to keep system full; remove ashes every other day. You can burn the cheapest soft coal, pea coal, screenings, wood, oil, gas, etc., at a fuel-saving which soon pays for outfit.

To make your house or building a safe, valuable, ever-marketable asset for yourself or your family heirs, investigate at once. Write to-day of the kind and size of building you wish to heat and safeguard, and we will send you the full facts. Puts you under no obligation to buy.

ARCO WAND Vacuum Cleaner—built into the house

We also make the ARCO WAND Vacuum Cleaner, connected by iron suction pipe to various floors of houses, flats, schools, churches, hotels, etc. Through a light-weight hose ALL the dirt, cobwebs, lint, threads, moths, etc., are drawn with lightning rapidity down the iron piping into big, sealed dust-bucket in cellar. No dragging around a clumsy, inefficient portable cleaner—instead, you have a practical outfit that is a part of the building—like radiator heating.
